Mark,

Attached is compliance assistance report from T and J Tire,  
(Gregg Zimmerman. I verified the product level in all three tanks.  
Both unleaded and premium had less than 1 inch of product. The diesel tank  
had slightly more than four inches. I indicated to Gregg that we needed the  
product level to be less than 1 inch. I told him I would check back next week to confirm arrangements and  
then return to verify.

Scott
